

Data sheet

Part No.	MFXE SW
Description	flexible protective conduit, corrugated light compression resistance, light impact resistance
Colour	black, similar to RAL 9005
Fire Behaviour	flame propagating
Classification	22312
Compression resistance	> 320 N

Standard: EN 61386-1, EN 61386-22

Working temperature	Compressive strength	UV resistant
-15 to +75 °C	320 N	true – up to 10 years

Art. No.	ED	ID	PU	PU
026328	7,1 mm	4,9 mm	100 m	-
026329	10 mm	7,2 mm	100 m	-
026330	11,4 mm	8,4 mm	100 m	-

Areas of Recommended Application

Area	
Machine and systems installation	True

Further technical details

Details	
Halogen free	True
UV resistant	True
Material	Polyethylene
